COMPANY HISTORY

From a Garage Office to a Full Regulatory Intelligence and Compliance Management Platform

1980s

The Environmental Law Consultancy

Founded by Llewellyn Botha. A one-man band in a garage office.

2000s

Paper, then CD, then online

From paper Gazettes to mailed CDs to a first simple online register.

2011

Digitize the law

Pete, Garth, Grant & Ulrik buy the consultancy with one goal in mind.

2015

Libryo's Cofounders Meet

Malcolm meets Garth & Pete, and the idea of Libryo begins to form.

2016

Founded and Funded

Libryo is founded and registered in the UK, raising its first funding round with Seedcamp and Nextlaw Labs.

2017

Libryo Collaborate launches

A crowdsourced community of legal professionals helps build the world's largest EHS content database.

2019

Libryo Sites is built for scale

New domains, new jurisdictions, and universal metadata as the differentiator.

2022

Libryo joins ERM

Acquired by ERM, the world's largest pure-play sustainability consultancy.

2024

Applicability & AI

The Applicability module launches; AI starts doing more of the heavy lifting.

2025

Libryo Assess for complete compliance

Libryo launches a new application enabling users to verify their compliance.

Today

Augmentation, not automation

AI augments the people doing the work, but it doesn't replace their judgement.
